

The Only Name You Need To Know

The Casey Auto Group has been serving the Virginia Peninsula with affordable new and used car sales, as well as service and parts, since 1958. The late Arthur M. Casey founded Casey Auto Group in 1958 as a single franchise dealership, Casey Chevrolet. Today the organization is still a family owned and operated business that consists of six locations in Newport News and Williamsburg. Now with seven of the best American and Import vehicle lines, Toyota, Kia, BMW, Chevrolet, Subaru, Honda, and Volkswagen, Casey continues to serve the needs of Virginia military families. Most dealerships offer a military discount for active service members. Casey has recently partnered with both Langley and Fort Eustis to sponsor a golf program that funds Joint Base Langley Eustis Force Support. Each year all Casey dealerships participate in the Cookout for the Troops and raise money and awareness for the USO while offering military families a free meal. Casey Auto Group is proud of our military and its significant presence on the Virginia Peninsula. WE SALUTE YOU!
