SUPPORT TOURISM RECOVERY

We need your help to support Maryland tourism. At the request of the Garrett County Chamber, a bill has been sponsored by Senator George Edwards and Delegate Wayne Harman that will incentivize travel in Maryland aiding with the recovery of the tourism industry. Senate Bill 730/House Bill 1176 provides state income tax credits to Marylanders who travel within the state and spend money on hospitality related purchases. In-state travel must occur at least 50 miles from their permanent residence, and purchases must include:

- Food and beverage
- Lodging
- Transportation
- Tickets for live entertainment and sporting events
or expenses related to attending a conference or business meeting

This is an income tax credit and can only be received if money is expended. Therefore, the tax credit is offset by money being put back into the economy, which is desperately needed, especially for businesses that have been hurt so badly by the pandemic. In turn, the expenditures generate additional tax revenues in the form of sales taxes, accommodations taxes and admissions & amusement taxes.

Please tell legislators how your business has been impacted by the pandemic and how this bill would help the tourism industry, Garrett County’s top industry, recover.

SB 730 is being heard by the Budget & Taxation Committee on February 24 at 1:00 p.m. Please submit written testimony or sign up to testify virtually by February 22 for the Senate hearing. To view a copy of the Chamber’s testimony, please click here. The companion bill, HB 1176 is being heard by the House Ways & Means Committee on February 26 at 1:30 p.m. Please submit written testimony or sign up to testify virtually by February 24 for the House hearing. You may also send your testimony to Nicole Christian, nicole@garrettchamber.com, 3 days before the hearings to be submitted.

HELP LOWER HEALTH INSURANCE COSTS FOR SMALL BUSINESSES

Your Chamber is leading an effort to lower the cost of health insurance for our small businesses. By changing Maryland law and allowing chambers of commerce to offer Association Health Plans (AHPs), our small businesses will be able to pool their employees and be rated as a large group like large businesses. This could potentially help small businesses save 20-40% on health insurance premiums, based on national AHP averages. Click here find a one-page briefing sheet and FAQs with detailed information on AHPs.

Your Chamber needs your help in getting the legislation passed. We must show legislators that small businesses are at a disadvantage compared to large businesses and quality health insurance plans for your employees are not affordable. SB 621, sponsored by Sen. George Edwards, is being heard by the Finance Committee on February 24 at 1:00 p.m. Please submit written testimony or sign up to testify virtually by February 22 for the Senate hearing. To view a copy of the Chamber’s testimony, please click here. The companion bill, HB 634 is being heard by the Health & Government Operations Committee on March 11 at 1:30 p.m. Please submit written testimony or sign up to testify virtually by March 9 for the House hearing. You may also send your testimony to Nicole Christian, nicole@garrettchamber.com, 3 days before the hearings to be submitted.

Once the legislation passes, your Chamber will work with an insurance company (i.e. United Healthcare, Blue Cross/Blue Shield, Aetna) to create an AHP that will be offered to small business Chamber members.

Now is the time to tell legislators that we're tired of paying too much for health insurance!

RELIEF Act of 2021 Enacted!

On February 15, Governor Larry Hogan signed the bipartisan RELIEF Act of 2021, which delivers more than $1 billion in tax relief and economic stimulus for struggling families and small businesses who are suffering as a result of the COVID-19 pandemic. The Garrett County Chamber thanks the Governor and the Maryland General Assembly for the quick action. Click here for a summary of the RELIEF Act.
