

What is the Work Ethic Program?

The concept for a regional Garrett County Work Ethic initiative was brought to the Garrett County Chamber of Commerce by employers that felt students were not completing high school with the soft skills needed to be successful employees. With the input of area educators, business leaders, and post-secondary representatives, standards were developed to measure work ethic in students.

The Work Ethic Program is designed to:

- Supply Garrett County employers with skilled workers.
- Produce an emerging workforce prepared to face the challenges of a global marketplace.
- Be a filter for hiring and selecting candidates that have demonstrated knowledge, skills, abilities, and commitment to work.
- Reinforce the value of positive Work Ethic and commitment to successful employment.
- Recognize a common, identifiable metric of work habits.
- Develop and improve soft skills of Garrett County students.

Business Benefits and Obligations

Benefits:

As an endorser of our Work Ethic program, we ask you to participate by following the guidelines below:

- Participating business/organizations will be recognized through various marketing tools i.e., on the Garrett County Chamber's website, at graduation ceremonies, through news releases and articles in circulated publications, etc.
- Businesses/organizations will have the opportunity to provide information on current job trends, hiring processes, general benefits and provide a point of contact for interested students.
- Businesses/organizations will also have the opportunity to provide data/feedback on potential employees with Work Ethic Diplomas.

Obligations:

- Agree that if a student has a Work Ethic Diploma, or is participating in the program, and listed in their resume or application, they are guaranteed an interview as long as they meet job related qualifications for open positions.
- Agree that if a student with a Work Ethic Diploma is hired, they will receive at least a \$.50/hour higher starting wage than an employee with the same skill set who has not earned a Work Ethic Diploma. (Applicable for up to 2 years after high school graduation)
- Businesses/organizations are encouraged to display Work Ethic employer window clings in their business locations.

Post-Secondary Institutions are also informed of the requirements to achieve a Work Ethic Diploma so it will be strongly encouraged that a diploma recipient provides this information in their application process to whichever school they are applying.

Program Organizers' Responsibilities:

The Garrett County Chamber will:

- Work with school personnel to arrange student exit interviews.
- Provide the actual Work Ethic Diplomas to be provided to the students at the awards assemblies.
- Secure business participation in the program and commitment to students receiving a Work Ethic Diploma.
- Promote the program in local media, social media, on Chamber website and through Chamber Communications.
- Recognize businesses participating in the program, including press releases, social media and website.
- Recognize students participating in the program and those that have received their Work Ethic Diploma, including press releases, social media and website.
- Host a reception just prior to graduation for the students receiving their Work Ethic Diploma, participating businesses, elected officials, Board of Education, school personnel and volunteers.
- Students wear cords at graduation with asterisk in the graduation program.
- Chamber will provide a banner promoting participating businesses & sponsors to be used at graduation ceremonies.
- Secure sponsors to cover the costs of the diplomas and reception.
- Work with businesses and GCPS and meet twice per year to modify program as needed to benefit students, businesses and community.

Garrett County Public Schools and Home Schools will:

- Assign school personnel to oversee the Work Ethic Diploma program for the schools and students.
- Promote the program to students and parents to encourage participation.
- Track and record required points for students.
- Track student participation in the Work Ethic Diploma program.
- Provide student participation reports to the Garrett County Chamber.
- Coordinate with Holly Lane to schedule exit interviews for seniors with participating businesses.
- Provide year-end report of students earning Work Ethic Diploma to Chamber prior to graduation.
- Present Work Ethic Diploma to students at annual student awards assemblies. Home School Diplomas will be handed out at a separate assembly at the Chamber of Commerce.
- Provide cords for qualifying students with Work Ethic Diplomas at graduation ceremonies.

5/30/19

- Work with Chamber to modify program as needed to benefit students, businesses and community.

5/30/19
