

## **WE ARE RETIRING!!**

**A BIG THANK YOU to our valued customers of the past 30 years! March 1st Design Originals Floral celebrates 30 years in business here in Hartford. We are so grateful and happy we could be of service to all of you all those years!**

**However, the time has arrived for Mark and me to retire from the floral industry. It is bittersweet that we must inform you of this. We have enjoyed meeting so many wonderful people in Hartford and will greatly miss all of you.**

**We want to let you know that we will be full service until February 18th when we will no longer be taking fresh flower orders and doing local deliveries. We will also not be Teleflora to handle your orders to other cities as well at that time.**

**February 23rd will be the start of our retirement sale to sell down all our inventory and display fixtures. It will conclude sometime in April.**

**Once again, we can not express enough how very grateful we are that you helped make our business what it was! We were successful ONLY because of ALL of YOU!**

**Charlene and Mark**
