RED TAPE BUSTERS

Is government red tape impacting your business?

VICA can help!

Through our familiarity with government and our key contacts with the right problem solvers, **VICA's Red Tape Busters** can help you get the attention of the appropriate public agencies needed to address problems associated with the basic delivery of government services.

There were people living in big rigs and campers on our street and we couldn't get the city to take action. Within a couple days of calling Red Tape Busters the street by our office was cleared—and it has stayed that way.
