In 2008, VICA created the San Fernando Valley Business Hall of Fame to honor individuals, businesses and organizations that have contributed to the Valley’s rich history and have helped shape the region into a vibrant and diverse place to run a business.

VICA is pleased to share in the success that each inductee has experienced for many years. From a legal firm with deep community roots to an Emmy Award-winning production company, a non-profit with over a century of service, to a toy manufacturer known to consumers worldwide, and a specialty architectural glass manufacturer, the spirit of the San Fernando Valley shines through this fantastic group.

Our inductees, as well as all of our members, are living proof that thriving businesses and a robust workforce are the key to our region’s cultural and economic vitality. Combined, we demonstrate to our lawmakers that policies that attract, retain and expand business is the ticket to a thriving environment for all.

In honor of the unique inductees, VICA members enjoyed a reception, awards ceremony and dinner at our tenth annual event on Thursday, June 8 at the Sheraton Universal Hotel.

CONGRATULATIONS TO OUR LATEST INDUCTEES
