

Payman Roshan
Senior Vice President & Area Manager
Kaiser Foundation Hospitals and Health Plan, Inc.

Payman Roshan was named Senior Vice President and Area manager for the Kaiser Permanente Panorama City Medical Center and Antelope Valley Areas in October, 2015. In this position, Payman is responsible for all of the Kaiser Foundation Hospitals and Kaiser Foundation Health Plan, Inc. operations in a medical center area that serves more than 300,000 members and includes the eastern portion of San Fernando Valley, the Santa Clarita Valley, and Antelope Valley.

Payman joins Kaiser Permanente Panorama City/Antelope Valley after serving as Chief Operating Officer for three years at Kaiser Permanente Baldwin Park, where he managed and led the day-to-day operations of the hospital. Prior to this, he served as Assistant Medical Center Administrator for support services at the Baldwin Park Medical Center.

Payman joined Kaiser Permanente in 2005 as Southern California Regional Director of Clinical Technology/Biomedical Engineering.

Prior to joining Kaiser Permanente, Payman had 15 years of experience in health care, holding positions as senior biomedical engineer, biomedical engineering account manager, and directorships in sales, business development, operations, and technical services for private sector biomedical engineering and support services firms.

Payman holds a master's degree in business administration from National University and a bachelor's degree in biomedical engineering from Mercer University. He completed the Executive Leadership Program at Harvard University in 2012.
