

PHASE Provider Numbers & Historical Rates Eff: 7/1/2015 (Quality Improvement Plan 1% Increase)

The rates listed below are our historic provider rates, which may be referenced primarily when determining individualized rates through the Rate Management System (RMS).

- PHASE offers services 248 days per year. Please ensure you are considering the need for partial units and corresponding transportation when issuing service authorizations for DTH services.
- *Note: In 2014, PHASE was required by DHS to obtain a new NPI number for services provided at a satellite location. Both NPI numbers A736860700 and A098405200 reference the same historical rate, due to the satellite-entity relationship defined by DHS. **When generating Service Agreements for NPI A098405200, you may need to do a manual banding to adjust the rate, as no historic rate is in the RMS system. If you require further documentation from DHS of this, please contact lkelly@pinehab.org.***

Please contact Liz Kelly at (320)245-2246 ext. 1229, or email at lkelly@pinehab.org for payroll, billing, and service agreement/contract for service information.

Service Name	Service Unit	Proc. Code & Modifier	SOUTH (Pine City) A048260900	RECYCLING (Sandstone) A736860700	NORTH (Sandstone) A098405200
