

Dr. William Beverly is the Director of Behavioral Health Sciences and Counseling Faculty at South Mountain Community College, where he also serves on the school's Behavioral Assessment Team and Critical Incident Management Team. He earned his Ph.D. in Counseling Psychology from Northern Arizona University and his master's degree from the California School of Professional Psychology, with additional graduate studies at the Academy of Family Therapy in Rome, Italy. He is a licensed psychologist with 18 years of experience in the behavioral health field, and has held leadership positions in a wide array of behavioral health settings serving as Clinical Supervisor, Clinical Director, and Executive Director of numerous behavioral health programs across the state of Arizona, including residential treatment for teens, therapeutic group homes for adults with serious mental illness, forensic psychological services, sex offender treatment, and general outpatient counseling and psychiatric services. He was previously the Lead Psychologist for the Maricopa County jail system, where he co-developed a trauma-informed model for training officers working with inmates with mental illness and developed a mindfulness-based stress management program for incarcerated veterans. Dr. Beverly has conducted numerous workshops at regional, national, and international conferences and published on the topic of suicide prevention and intervention with vulnerable populations.
