Task Force Update

- CONSPAN – Jin Liu, RS&H (Lead)

Tom and Greg,

We held our third meeting on the March, 24th. The sample bridge from last meeting was modeled .We went through all Conspan tab except “Analysis” due to limited time. We will continue in a month. Kevin will look for a more “complex” example.

Thanks for Carlos for sharing his cell libraries and his comments on the notes I made for Conspan input.

Best regards,

Jin Liu, PE

- RCPIER – George Manning, Michael Baker (Lead)
