Nonprofits Save on Printing with LaserCycle

Sponsored Content

Lower your printing costs *and* receive rebates with LaserCycle and HP

- Why pay too much for your copier and printer equipment, supplies and service?
- Why outsource your marketing flyers and fundraising appeals?
- Why take time to purchase and stock expensive toner cartridges?
- Why not choose your local print expert?

Description

At LaserCycle, our Smart Purchase Program is JUST for nonprofits, because it is our way of giving back!

And with HP we GUARANTEE low pricing, FREE equipment delivery and an annual REBATE.

Whether you have one printer or one hundred, we can help!

**Equipment:** Not sure how old or outdated your equipment is? Trust LaserCycle for advice and print in color for about the cost of black and white printing.

**Ink and Toner:** Competitive pricing for printing supplies and free next-day delivery on orders over $80. We also collect and recycle empty cartridges.

**Service & Maintenance:** Having issues with your printer? Streaking, ghosting, noisy and outdated firmware can cause a hiccup in daily operations. Our Authorized Service Technicians are ready to service your devices, and you earn a rebate every time we come to you.

“LaserCycle has not only saved us money on our printing costs and equipment, they have also proven to be prompt and responsive. I highly recommend them [for] their fast service, communication skills, and attention to detail.” —Dereck E. Wilson, Director of Facilities and Operations, KC CARE Health Center

Visit LaserCycle.com for more Information, or simply contact Chad Seal at cseal@lasercycle.com for a FREE evaluation, and a program to fit YOUR needs.
