[2019 Triangle Global Health Annual Conference](#)

Wednesday, October 16
Durham Convention Center

You're invited to the [2019 Triangle Global Health Annual Conference](#) on Wednesday, October 16 in Durham! This year's theme is **One Health: Creating our Shared Future -- Humans, Animals, and the Environment.**

The One Health concept is a worldwide approach to expanding interdisciplinary collaboration and communication on all aspects of health for humans, animals, and the environment. North Carolina brings a wealth of expertise and talent for implementing One Health across a spectrum of global health research, practice, policy, and innovation. Throughout the conference, **we will examine how health for humans, animals, and the environment are inextricably linked**, and explore how the [Triangle Global Health Consortium's](#) members and their partners are taking a One Health approach to promoting a **healthy and sustainable future for all.**

[Register now!](#) Early bird discount ends September 16.
