

## Virtual Forum

### [COVID Resilient Environment and Clinical Trials](#)

November 19  
Noon - 1:30 p.m.

Join us online for a forum focused on a [COVID Resilient Environment and Clinical Trials](#). Our panelists will explore how COVID-19 has affected clinical trials, with an emphasis on how trials are successfully decentralizing.

We'll hear from a clinical research organization with focus on using digital health, novel trial modes, and patient networks and engagement for how a virtual trial can work practically; an attorney connected to the FDA regulation of clinical trials; a gene therapy company with an ongoing clinical trial; and a large pharma manufacturer with years of clinical experience in both vaccines and treatments.

The session will be moderated by **Phil Collis, Ph.D.**, Vice President, Global Development, [BioCryst](#) Pharmaceuticals, and features:

- **Amy Cramer**, Director, Global Product Development Strategic Partnerships, [Pfizer](#)
- **Tina Papagiannopoulos**, Associate, [Foley Hoag](#)
- **Kristen Pappas**, Associate Director, [bluebird bio](#)
- **David Tripi**, Vice President, Innovation and Customer Engagement Lead, [IQVIA](#)

Sign up below using your personalized link and join us on November 19 from Noon to 1:30 p.m. In your registration confirmation, you will **receive the GoToWebinar link. You will need to click that link to receive your unique login.**
