Fostering the Success of the Industry

January 7-11, 2018  
San Francisco, CA

**With less than two months remaining until the J.P. Morgan Healthcare Conference (JPM), now is the prime time to arrange meetings, curate your pitch, and identify meeting space for one of the busiest weeks of the year.**

The hectic process of sending meeting invitations and scheduling will reach a fever pitch in the coming weeks, and then there are the questions of which receptions & events to attend during JPM week. BIO has a solution to it all:

You can access the BIO One-on-One Partnering system—the same system used at all BIO partnering events—for *free* to help you identify potential partners and manage your JPM week meetings. Cut down on back-and-forth emails, phone calls, and spreadsheets with meeting information.

For BIO member companies\*, a BIO meeting point costs \$50 for a 30-minute meeting and \$75 for an hour-long meeting. **NCBIO members are eligible for that same rate as BIO members.**

For non-member companies, a BIO meeting point costs \$100 for a 30-minute meeting and \$150 for an hour-long meeting.

A limited number of [dedicated partnering suites](#) are also available. If you are interested in reserving branded space exclusive to your company, please contact Melissa Arndorfer at [marndorfer@bio.org](mailto:marndorfer@bio.org) to learn more.

BIO is offering [complimentary access to its BIO One-on-One Partnering system](#) to the life science community in San Francisco during JPM week. You do not need to be registered for the J.P. Morgan Healthcare Conference, or any other conference or event, to use the system. Schedule meetings in your own space with biopharmas, investors, in-licensors, academics, research institutes, and patient groups AT NO COST.

The system is NOW OPEN—start scheduling today. [Click here](#) to apply.

Best regards,

**Willie Reaves**
