NCBIO's 25th Annual Meeting

October 3, 2019
8:00 a.m. - 3:00 p.m.
NC Biotechnology Center

Join us on October 3rd as we celebrate our 25th Anniversary and Annual Meeting. More than 200 NCBIO members in the life science community will come together for networking and informational sessions.

Hear from **Dr. Marty Murphy, co-founder of the Society for Translational Oncology and former CEO of the Hipple Cancer Research Center**, on new innovations in personalized health and cancer treatment. He will talk about why these innovations have developed now, discuss the promise of the therapies, and highlight pricing and value.

Additional topics include

- Keynote on the best strategies to raise funding, impact of current regulations on product pricing, and ability of companies to continue to innovate
- Panel featuring entities and providers working together to ensure therapies are universally available
- Panel on acknowledging the microbiome and understanding how to manipulate it for nutritional and therapeutic purposes

Reserve your seat today! Sign up now using your personalized link below.
