Project GreenPACT is funded through a generous grant from the Mamoru and Aiko Takitani Foundation and Building Industry Association of Hawaii members and supporters.

Project Green PACT is a community funded project to train Hawaii residents interested in qualifying for entry-level jobs in the construction industry. The program was developed by the Building Industry Association of Hawaii's Construction Training Center of the Pacific and is based on a highly successful workforce development program produced by the National Association of Home Builders.

The Construction Training Center of the Pacific (CTC) provides pre-apprenticeship and continuing education for the construction industry.
