

Attention: Construction Industry!

URGENT NOTICE

The shortage of masks and eye protection among health care workers is at a **crisis level**. Both the President and the Vice President have called upon the construction industry to provide these items to the health care industry immediately. *This is our time to act as an industry for the greater good.*

Greater Orlando Builders Association is asking the following:

We are asking for donations of masks and eye protection equipment. *Dust masks are acceptable - they do not have to be medical grade- although those are preferred, the dust ones are better than nothing.*

Donations can be dropped off at the below Offices.
