

3-Day Peer Educator Workshop for Diabetes Self-Management Education

If you are interested in controlling diabetes complications and improving the overall health of your community, please consider participating in this workshop. This workshop is for KPCA members only.

It prepares individuals to provide diabetes education to community members who have diabetes, pre-diabetes or those who serve as caregivers to people with diabetes. Upon successful completion of the workshop, participants will be Certified Diabetes Empowerment Education Program (DEEP) Peer Educators/Facilitators.

Who Should Attend

Community Health Workers
Church Members
Social Workers
Nutritionist

Healthcare Workers
Nurses
Pharmacists
Those in the community interested in assisting others with controlling their diabetes.

This training requires a commitment to assist atom Alliance with conducting Diabetes Self-Management Education (DSME) classes for Medicare beneficiaries.

Under contract with the Centers for Medicare & Medicaid Services (CMS), atom Alliance offers free DSME, utilizing DEEP curriculum. The DEEP curriculum presents diabetes self-management in simple terms and concepts using props, pictures and activities in a way that is conducive to learning.

DSME is a proven intervention for empowering people with diabetes to acquire the knowledge and skills necessary to improve the quality of their lives and prevent complications.

Seats are limited to 12 people (limit to 2 per organization), on a first come, first serve basis and only open to KPCA members. If you have further questions or would like to enroll, please contact, Kayla Rose at kröse@kypca.net. Times for class are: Usually during the next KPCA sponsored conference.
