

# Kentucky Colorectal Cancer Policy: Saving Lives!

**THANK YOU** for prioritizing policies that reduce cancer in Kentucky. We know what works to prevent colorectal cancer and how to find it early when it is most treatable. Enacting data driven practices at the policy level give you, our state policymakers, a unique opportunity to join our efforts.

A message from the Kentucky Cancer Consortium Colon Cancer Committee. Visit us at: [www.kycancerc.org](http://www.kycancerc.org)
