

John Heard
Crop Nutrition Specialist
Manitoba Agriculture, Food and Rural Initiatives

John serves as the soil fertility extension specialist for Manitoba Agriculture and previously with the Ontario Ministry of Agriculture and Food in extension and field crop research.

He has a B. Sc. Agr. in Crop Science from the University of Guelph and M.Sc. in Soil Science from Purdue University. Currently John is Chair of the Manitoba Soil Fertility Advisory

Committee and past-president of the Manitoba Soil Science Society.

John is a proud Certified Crop Advisor and was recognized as International CCA of the Year in 2014. John's odd obsession is hunting the officially designated state and provincial soils – of which he has captured 35 states and 7 provinces.

20 YEARS AND GROWING
