

**John Warner**  
**Quality Assurance, Hemp Division**  
**Canopy Growth Corporation**

John is the Head of Quality Assurance for the Hemp Division with Canopy Growth Corporation. He has been working in the developing medical cannabis industry since 2013 and joined Canopy through its acquisition of Mettrum (now Spectrum Cannabis) in 2017.

He was born and raised on an organic farm in Central Ontario and has spent 30 years in the agriculture and food processing sector.

John is experienced in building product process, quality and traceability systems having worked both as an auditor and a developer of food safety and quality programs.

John went to the University of Guelph and holds a Bachelor of Science in Agriculture with a focus on Environmental Biology as well as a Master's Degree in Environmental Toxicology. He has authored and co-authored numerous scientific papers and presentations.
