

**Rohit Sharma**

**President, Indian Industrial Hemp Association (IIHA)**

**Managing Director, Hemp Pharma AMRO Pvt. Ltd.**

Rohit Sharma, founder and President of the Indian Industrial Hemp Association (IIHA), has worked for over 5 years in the field of Industrial hemp-based economy development in India and across borders. This includes CBD Isolate, Industrial Hemp Fiber, Nutrients, Oil, Medicines, biomass feedstock, Insulation, Eco- Construction material, bio-based plastics and composites. The focus of his work is market analysis and ecological evaluation as well as the political and economic framework for Industrial Hemp-based processes and applications ("level playing field for industrial material use").

As the executive officer of the Indian Industrial Hemp Association (IIHA) & Hemp Pharma AMRO Pvt. Ltd., Mr. Sharma is also the 1st to

launch massive extraction unit of CBD isolate in India in 2016-2017. His company is working on 100KLPD Bio-Ethanol plant with OMCs of India.

IIHA partnered with European Industrial Hemp Association (EIHA) 2014, Slovenia Hemp Congress (since 2013), joined Ad-hoc Advisory Group of Industrial Hemp New Zealand (2015-2016), and is a member of the Technical Committee of "Applied Botanical Science (USA) for Hemp products" (since 2014). Also a member and partner of various "Expert Group on Hemp-based Products", Mr. Sharma is Director and member of the WASME (India) 2013 PHD Chambers (India) 2015.
