

Mid-Minnesota Builders Association and Central Lakes College are happy to provide continuing education credits for MMBA Members and Non-Members.

**February 8, 2018 • Thursday**

The Mid-Minnesota Builders Association (MMBA) is partnering with Greater Lakes Association of Realtors (GLAR) to host an EDUCATION EVENT on Thursday, February 8, 2018 at the Breezy Point Convention Center. Continuing Education Classes will be held for Builders, Contractors, Appraisers, and Realtors.

The PRODUCT SHOWCASE will be taking place from 11:30am to 2:00pm. We are expecting 100 Licensed Builders, 100 Realtors/Appraisers and 80 Exhibitors to be in attendance.

**Andy Schreder, C.B.O**

Andy has worked in both residential and commercial construction for nearly 25 years and has accumulated a great deal of experience along the way. Moving up the ranks from carpenter, forman, inspector, plans examiner, and Building official, Andy has continued to build on a foundation of education and shared experiences with those he meets. Knowledge of the jobsite and building department has now brought Andy to serve as an instructor for the industry. This has proven to be the most valuable position of them all, helping to make the connection between the code and the contractor.

Andy's philosophy of "voluntary compliance through education" has proven quite valuable when working with homeowners and contractors, as well as other building inspectors and officials. Many in the industry strive to understand the "why" behind the "what"; this is one of Andy's greatest strengths.

**Building Codes: A Year in Review  
Includes 1 hour of Energy**
