Meeting

Speaker: **Mandy Uhrich "The BassNBiologist"**

Mandy is an 18 year veteran biologist, tournament angler, TV & radio personality, seminar speaker and outdoor educator. She is an accomplished multi-species tournament angler, fishing close to 30 tournaments a year in 4 circuits for multiple species (Walleye, Northern Pike, Bass & Mixed Bag). In the past eight years, she has had 75 top five finishes and won 31 tournaments.

Mandy has combined her passion for fishing and hunting as an instructor for Minnesota's Becoming an Outdoor Woman Program; teaching courses for woman and families on multiple fishing skills and species. Through education and instruction Mandy hopes to break down the

barriers that restrict the normalization of woman in fishing and increase youth recruitment.

Mandy's TV career began 11 years ago. She has been featured on various fishing and hunting TV shows and filmed 68 segments to date. The past four years she has been a co-host for a weekly TV segment on Lake Land Public Television called "Fishing Tips". The past 3 years she has been a weekly contributor to Brainerd Outdoors Radio Show where she shares tips for tactics & tackle for multiple species for open water and ice fishing.

Mandy's big fish photos and articles have graced the covers and pages of 52 magazines and outdoor publications.
