

SAFETY PROFESSIONAL OF THE YEAR NOMINATION – 2017

Program

The Safety Professional of the Year awards will be presented to motor carrier safety professionals whose qualifications, achievements and ability to manage and direct safety programs are deemed most outstanding. Safety Professionals will be awarded for two categories based on number of power units (**100 and under and 101 and over**). The awards are sponsored by Great West Casualty Company and administered by the Oregon Trucking Associations.

Program Objectives

1. To recognize safety professionals in the trucking industry who have set a high standard of excellence within their organization and in the trucking community.
2. To promote safety and advance the level of training and professionalism within the industry.
3. To promote a positive and healthy media and public image toward the trucking industry.

Eligibility

The nominee must be a full time employee of a member (motor carrier) of the Oregon Trucking Associations who is responsible for administration of the company’s safety program and activities. They must be the top safety person in their organization with day-to-day operational activities, and they must have not less than three (3) years of experience in the trucking industry. A previous Safety Director of the Year *or* Safety Professional of the Year recipient is not eligible to be nominated again for a period of five (5) years.

Name of Individual Being Nominated _____

Name of Motor Carrier _____

USDOT#: _____ Number of Power Units _____

(Company must have a Satisfactory DOT carrier rating and must be an active OTA member in good standing.)

The above named safety professional is nominated for the Oregon Trucking Associations **Safety Professional of the Year** award. The nominee has responsibility for the safety activities for the company named above. The nominee has made significant contributions to safety for the company and within the trucking industry. All of the statements contained in support of this nomination are true. It is understood that OTA reserves the right to verify any of the information submitted as part of this nomination. The Motor Carrier agrees that if the nominee is selected, the motor carrier and safety professional will attend the SMC Spring Safety Conference awards breakfast on April 20th, 2018 to receive the award.
