

TECNA Members Handbook

New and Renewing 2018

About TECNA

TECNA represents more than 50 IT and Technology trade organizations that, in turn, represent 22,000 technology-related companies in North America. Please visit our website, www.tecna.org, for more information about our members.

We are the leading advocates for building innovation ecosystems throughout North America and as well as a growing number of regions in Europe.

TECNA serves our members and the industry through our strong peer-to-peer network and regional initiatives to raise the visibility and viability of the technology industry.

Our core purpose is to empower regional technology organizations and be their collective voice in growing the North American technology economy. We strive to deliver valuable services to member organizations and foster collaboration, innovation, and the exchange of ideas. We accomplish this by supporting and investing in these strategic goals:

- Best practice sharing
- Research
- Advocacy

Leadership Team

TECNA's Leadership Team is comprised of five Executive Committee members and eight Directors with specific areas of responsibility.

Please [visit our website](http://www.tecna.org) for more information about our Leadership Team and about TECNA.

Why TECNA?

Big Return On Investment: Upwards of 1000%

Depending on your membership level, you can easily *double or quadruple your investment*.
