

Certified Installation Managers
A Level Above the Rest

What CIMs are saying about the program

"Breaks the whole process down into simple steps"

"Covered a broad range of topics and situations we all encounter on a daily basis"

"It shows you everything from start to finish. Very impressed with the coverage of so many different areas ... great reminder to those that have been in the trade a number of years"

"I am a new IM and found the information very helpful as I learn"

"Informative. Lines out specific functions and theories"

"Knowledge needed for anyone that runs projects"

"....it was like being in a classroom setting"

FCICA established the Certified Installation Manager (CIM) program to promote the highest standard of commercial flooring project management through the credentialing of commercial flooring professionals.

**Endorsed by
Commercial Flooring
Manufacturers and
Industry Leaders**

**There is no other
program like CIM
available for Installation
and Project Managers**
