This month, meet your 2019 FLF Membership Co-Chair, Elana Hawkey
Elana has been with Ludvik Electric for 4-years, currently a Project Manager and loving every minute of it!

Why Elana Chose Construction: She was looking for a new career path and wanted to dive back into project management. A friend suggested the electrical industry since she holds a degree in electrical engineering. She met and talked with people in the trade, interviewed with Ludvik, and never looked back. Elana loves the industry and is excited to be a part of developing a building from beginning to end!

The BEST part of her job: Being a Project Manager is never boring. The position always brings new challenges to face and conquer with no project ever being alike. Elana is always excited to see what each new day brings.

Her FAVORITE Ludvik Electric Value: Results Management. Elana strives to lead effectively and create the best environment for success on the job and in the office. She is always acting on behalf of the company, her crew, and team as a whole. Elana has a strong customer relationship focus which has proven to drive high quality results!

Aside from Work: Elana is a Colorado native who enjoys skiing, hiking, and spending time with family and friends as much as possible.

THANK YOU to Joe McEvoy of W.E. O’Neil and Jeremy Clift of Golden Triangle Construction for volunteering with the AGC Charity Project.

AGC of Colorado and the Home Builders Foundation currently remodeled a home for Brenna O’Connor, a 13-years old with cerebral palsy, and her family. The project consisted of expanding her bedroom, creating a wheelchair-accessible bathroom and gave her the ability to go outside.

We are currently accepting new members. Do you know someone who would would be a great fit? Have them contact Lisa Seaman, Ben Petre or Elana Hawkey. Contact info below:

ALL HANDS ON DECK!!  FLF Clay Shoot - September 13, 2019

April 25, 2019 - Job Site Tour
Swinerton guided FLF members through the nearly complete Partners Group US Headquarters.

Thank you to those who completed the survey following the tour. Here's what those in attendance had to say:

“I loved this job site tour and learned alot.... for me, this is something I don't often get to do.”

“It was very beneficial, you don't always get the insight and behind the scenes info like you do on a tour like that”

“The tour was interesting and the project looked great.”

A brief survey will be sent out following each monthly event.

Please be sure and complete it as it only takes a couple minutes!!

Your input is valuable in helping assess past events and plan future ones. ALL members can and should participate - each and every response is greatly appreciated!
