

The Spike Club recognizes members for their recruiting and retention efforts. To become a Spike, you must earn six Spike credits within two consecutive years, by bringing in new members and retaining current members. At each new Spike level, members receive awards. Spikes also enjoy benefits such as visibility among their peers leading to increased business contacts, invitations to special, FREE events and celebrations and more.

Names with at least two Spike points are listed below, as reported by NAHB.

201+ points

Francine Bandy - 506
Mark Priess - 404
