Mission Statement:

"The AGC of North Dakota is the unified voice of the construction industry promoting quality, integrity, and commitment to completing projects successfully and safely."

Commerce Department Recommends Expansive Steel and Aluminum Tariffs

Feb. 16, 2018 the Commerce Department publicized its investigation into the national security threat posed by steel and aluminum imports. The report determines that the metal imports "threaten to impair the national security," and lays out three recommendations for imposing tariffs and/or quotas on steel and aluminum imports. AGC will urge the president to consider the potential negative impact of such actions on the construction industry—which uses the materials in a broad array of project types—as he determines his response. North Dakota Department of Transportation Invites You to a Symposium on Transportation Funding

The North Dakota Department of Transportation invites you to attend a ND Symposium on Transportation Funding. The event is a collaborative forum which provides transportation funding information through national and state expert presentations and enables legislators, stakeholders and partners to provide input and share ideas. Speakers include representatives from the national transportation organization - American Association of State Highway Officials (AASHTO), South Dakota Transportation Commission and North Dakota Upper Great Plains Transportation Institute.

When & Where:

Wednesday, March 14, 2018

9:00 a.m. – 4:30 p.m. (Lunch included)

Radisson Inn, 605 E Broadway Avenue, Bismarck

Please confirm your attendance by contacting Sondra Goebel, NDDOT at slgoebel@nd.gov or calling (701) 328-2581

Congress Readies for Action on Infrastructure

Congress will commence work on infrastructure legislation in early March, as the Senate and House have set hearings on [the president's infrastructure plan](#). And, as a part of the recent [bipartisan budget agreement](#), lawmakers are considering spending \$20 billion over the remainder of fiscal year 2018 and through fiscal year 2019. As such, it is critical that the construction industry lets Congress know that the time for infrastructure investment is now. [Contact your U.S. representative and U.S. senators](#) right now so that they understand that investing in and improving our nation's infrastructure helps our nation prosper. [Read More](#)
