PARADE OF HOMES GUIDELINES

MISSION STATEMENT: The Parade of Homes is dedicated to promoting home ownership and the promotion of local craftsmen through the use of progressive home designs, coupled with the use of innovative products and ideas, resulting in a positive image of home builders to the community.

1. The intent of the Builder in showing a house in the Parade of Homes must be to display his best work for the price range of product entered.

2. House can be built on speculation, a model home, or a presold custom home. All houses must be newly constructed within the past year. A Builder may enter his personal home if it has been finished in the past two years, and has never been entered in a Parade.

3. All homes must be on their own titled lot and must rest on a continuous block, wood or concrete perimeter foundation. They must have a pitched or shingled roof, residential siding, and have a width of no less than 24 feet.

4. The Parade of Homes Committee reserves the right to review and/or limit the total number of houses in the Parade.

5. Each Builder will be required to pay an entry fee for each house entered. A late fee will be charged for homes registered after the deadline. The entry fee and deadline dates will be determined by the Parade of Homes Committee.

6. Once a house is completed it may not be entered more than once in a Parade event, with exceptions determined by the Parade of Homes Committee.

7. Builder agrees at Builder's expense to carry and maintain adequate liability insurance and will provide proof of insurance to the Black Hills Home Builders Association prior to the event.

8. Each Builder is requested to provide names of all suppliers and subcontractors who are providing materials or services to the homes. It is requested that the Builder give serious consideration, priority and preference to using subcontractors and suppliers who are members of the Black Hills Home Builders Association.

9. It is the Builder's responsibility to have his home open and manned during official Parade hours. In the event the Builder does not have his home open during scheduled hours, the committee has the privilege of opening his home for public display without liability. Builder will be responsible to lock his home each night, but not before the official closing hours. Builders are required to represent their house.

10. Homes entered in the Parade of Homes that are fully completed must include, but are not limited to, installation of carpet, countertops, plumbing and lighting fixtures, interior trim work, exterior dirt work and yard grading. Those homes not complete will be designated as such in any Parade publication.

11. Builders are encouraged to have their Parade house decorated and furnished in at least the living area. The minimum living area is interpreted to mean the living room, the dining room, family room, one bedroom (preferably the master bedroom) and kitchen.

12. Homes entered in the Fall Parades shall have a shingled roof and windows installed. Builder agrees to the following safety guidelines.

- a. Permanent or temporary safety rails will be placed on open sides of stairways, landings, porches and decks.
- b. Access will be prevented to areas that may be unsafe or hazardous.
- c. All unsafe or hazardous materials will be stored in areas not accessible to the public.
- d. All wiring and outlets accessible to the public should be turned off at the panel box or installed properly to eliminate shock hazards.
- e. There must be a sidewalk or temporary walk way leading to the entry of the house.
- f. There will be no construction going on during the Parade hours.

PARADE OF HOMES GUIDELINES

The BHHBA 2020 Fall Parade of Homes is fast approaching. We are looking forward to another successful Parade and we hope that you will join us by entering your home(s) in this year's Parade.

It is very important that any homes being entered into the Parade meet all the guidelines outlined in the contract, with a strong emphasis placed on homes being drywalled. Builders, PLEASE make sure your home will be to this stage of construction.

Builder Initials: _____

Often the Builders need to estimate their stage of construction because of the guide book deadline, but we ask that you work with a conservative estimate as many Parade goers do not appreciate driving long distances to a home that is in the framing stage. The agreement specifically states that the home **MUST** be drywalled. The level of completion will be indicated on your builder page.

Level 1 is "turn-key finished"

Level 2 will indicate the home is still under construction, but is at least through the drywall stage.

Builder Initials: _____

Remember, all homes **MUST** have rest room facilities available for the volunteer at your home, and permanent heat must be installed and working.

Builder Initials: _____

Please remember you, as the Builder, must be present at the Parade home during the hours of the show. If you are unable to represent your home, you must have a Builder Representative present at all times. This person should be knowledgeable of all aspects of the home and be able to answer questions about the building process.

During the Parade of Homes, Builders are not only representing themselves, but the Black Hills Home Builders Association as well. No inappropriate behavior (including offensive language or alcohol consumption) will be tolerated.

Builder Initials: _____

PLEASE INITIAL:

_____ I understand I CANNOT host an open house at my Parade home and I cannot allow a realtor representing me or my business to hold an open house in conjunction with the Parade. Everyone who enters my home will be charged the Parade entrance fee of \$5.00.
