Tips for Travel

China is a modern sophisticated society. As with any travel you may notice difference in how things are done. You will find very few ATM machines but travelers checks and credit cards are accepted everywhere. The electricity is 220 volts and an adapter and converter are required to operate even an American hair dryer. However, both the adapter and hair dryer (not converters or transformers) are available at the hotels in which you will be staying. Though you will be treated to sumptuous regional foods, you may forgo chopsticks and grab a Big Mac or KFC. To the dismay of some traditionalists, you may also partake of a genuine Starbucks latte.

Registration:

A non refundable deposit of \$300.00 is due at the time you register. This will be deducted from your total tour fare, the balance of which will be due on Jan. 31, 2012.
